(ii) *Listing of the new Shares issued upon conversion or any exercise of the Share Settlement Option*

Applications will be made for the admission to trading on the Relevant Exchange of the new Shares issued upon conversion or any exercise of the Share Settlement Option. Accordingly, the new Shares will immediately become fungible with the existing Shares listed on the Relevant Exchange and tradable, as from the date on which they

are admitted to trading, on the same listing line as such existing Shares under the same ISIN code FR0011716265.

(iii) *Ranking of Deliverable Shares*

If the Record Date (as defined in Condition 15.8 (*Preservation of Noteholders' rights*)) for a transaction that triggers an adjustment of the Conversion Ratio pursuant to Condition 15.8.1 or 15.8.2 occurs prior to the relevant delivery date of the Shares to be delivered pursuant to Condition 9.1 (and whether such Record Date falls prior to, on or after the relevant Instalment Date or, as the case may be, Interest Payment Date), the Noteholders will have no right to participate in, and will have no right to indemnification in respect of, such transaction, subject to the operation (if applicable) of any proviso to the definition of "Market Price" or "SSO Price".

9.3 Events of Default

Any Noteholder may, upon written notice to the Issuer given before all defaults shall have been cured, cause all the Notes (but not some only) held by any such Noteholder to become immediately due and payable (the date on which such Notes become so due and payable, the "**EoD Relevant Date**" in respect of such Notes) at a price equal to the Early Redemption Amount on such EoD Relevant Date, without further formality, if any of the following events (each an "**Event of Default**") shall occur:

- i default in any payment of principal or interest when due in respect of the Notes, and the continuance of any such default for a period of five (5) Business Days thereafter; or
- ii failure to deliver shares upon any exercise of Conversion Right or Share Settlement Option, and the continuance of any such default for a period of five (5) Business Days thereafter; or
- iii default by the Issuer in the performance of, or compliance with, any other obligation under the Notes, other than as referred to in sub-paragraphs i. and ii. above, if such default shall not have been remedied within 30 days after receipt by the Issuer of written notice of such default given by the Noteholders; or
- iv (i) any other present or future indebtedness of the Issuer or any of the Material Subsidiaries for borrowed monies in excess of €1,000,000 (or its equivalent in any other currency), whether individually or in the aggregate, becomes, following, where applicable, the expiry of any originally applicable grace period, due and payable (*exigible*) prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due or, as the case may be, within any originally applicable grace period therefor or (ii) any steps shall be taken to enforce any security in respect of any such indebtedness or (iii) any guarantee or indemnity given by the Issuer or any of the Material Subsidiaries, as the case may be, for, or in respect of, any such indebtedness of others shall not be honoured when due and called upon, unless the Issuer or any of the Material Subsidiaries, as the case may be, has disputed in good faith that such borrowed money is due or such guarantee or indemnity is callable, and such dispute has been submitted to a competent court in which case such event shall not constitute an event of default hereunder so long as the dispute has not been finally adjudicated; or
- v creation by the Issuer or any of its Subsidiaries of any mortgage, lien, charge, pledge or other form of security interest (*sûreté réelle*) other than a Permitted Security upon any of their respective assets or revenues, present or future, to secure any future Financial Indebtedness incurred by the Issuer or any of its Subsidiaries or any guarantee or indemnity granted by the Issuer or any of its Subsidiaries in respect of any Financial Indebtedness for an amount in excess of €1,000,000 (or its equivalent in any other

currency), whether individually or in the aggregate, after the expiry of any applicable grace period; or

- vi a judgement is issued for the judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole of the business (*cession totale de l'entreprise*) or substantially the whole of the business of the Issuer or any Material Subsidiary; or, to the extent permitted by law, the Issuer or any Material Subsidiary is subject to any other insolvency or bankruptcy proceedings under any applicable laws or the Issuer or any Material Subsidiary makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors or makes any proposal for a general moratorium in relation to its debt; or
- vii if the Issuer or any Material Subsidiary is wound up or dissolved or ceases to carry on all or substantially all of its business or disposes of all or substantially all of its business except (i) in connection with a merger, consolidation, amalgamation or other form of reorganisation pursuant to which the surviving entity shall be the transferee or successor to all or substantially all of the business of the Issuer or any Material Subsidiary and assumes all of the obligations of the Issuer with respect to the Notes and, in the case of the Material Subsidiary, if such surviving entity is controlled (within the meaning of Article L.233-3 of the French Commercial Code (*Code de commerce*)) directly or indirectly by the Issuer or (ii) on such other terms approved by a resolution of the general meeting of Noteholders; or
- viii if the Shares are no longer admitted to trading on Euronext Growth Paris or on any other Multilateral Trading Facility or Regulated Market.

As soon as practicable following the occurrence of an Event of Default, the Issuer shall give notice thereof to the Noteholders in accordance with Condition 15.10 (*Notices*) (an “**Event of Default Notice**”). The Event of Default Notice shall contain a statement informing Noteholders of their entitlement to exercise their Conversion Right as provided in these Terms and Conditions.

As soon as practicable following the date (if any) on which any relevant Event of Default ceases to be continuing, the Issuer shall give notice to the Noteholders in accordance with Condition 15.10 (*Notices*) of such date.

9.4 Early redemption at the Noteholders’ option upon Change of Control of the Issuer

9.4.1 If at any time while any Note remains outstanding, there occurs a Change of Control (as defined below), any Noteholder will have the option (the “**Change of Control Put Option**”) to require the Issuer to redeem all or any part of the Notes held by it, on the Change of Control Put Date, at a price per Note (the “**Change of Control Put Price**” in respect of any Change of Control Put Date, as determined by the Calculation Agent) equal to the greater (rounded to the nearest whole multiple of €0.01 (with €0.005 being rounded upwards)) of:

- (i) 120% of the Outstanding Principal Amount of such Note on such Change of Control Put Date, together with accrued but unpaid interest to (but excluding) such Change of Control Put Date; and
- (ii) the greater of (A) the product of (x) the Market Price on the date (the “**Change of Control Put Price Reference Date**”) which is the second (2nd) Business Day prior to the Change of Control Notice (assuming for this purpose that references to the SSO Delivery Date in the definition of “Market Price” were references to such Change of Control Put Price Reference Date) and (y) such number of Shares per Note as would have been required to be issued and delivered in respect of such Note had the Conversion Right been exercised in respect thereof (assuming for this purpose that the Exercise Date and the SSO Delivery Date relating to such exercise of Conversion Right are falling on such Change of Control Put Date) and (B) the product of (x) the

Outstanding Principal Amount of each Note on such Change of Control Put Date and (y) Parity % on such Change of Control Put Price Reference Date,

provided that, if any doubt shall arise as to the appropriate calculation of such Change of Control Put Price, or if such Change of Control Put Price cannot be determined as provided above, such Change of Control Put Price shall instead be such price as is determined to be appropriate by an Independent Expert.

- 9.4.2 If a Change of Control occurs, the Issuer shall give notice thereof to the Noteholders in accordance with Condition 15.10 (*Notices*) as soon as practicable upon becoming aware thereof and in any case no later than the date falling fifteen (15) days following such Change of Control (a “**Change of Control Notice**”). The Change of Control Notice will specify (i) the nature of the Change of Control and the circumstances giving rise to it, (ii) the redemption date that will be between the fifth (5th) and the tenth (10th) Business Day following the date of the publication of the Change of Control Notice (the “**Change of Control Put Date**”), (iii) the redemption price and (iv) the procedure for exercising the Change of Control Put Option and the Change of Control Put Period.
- 9.4.3 To exercise the Change of Control Put Option, Noteholders must give notice thereof to the Issuer in accordance with Condition 15.10 (*Notices*) during the period from (and including) the date of publication of the Change of Control Notice to (and including) the date falling three (3) Business Days prior to the Change of Control Put Date (the “**Change of Control Put Period**”). Any such exercise of the Change of Control Put Option shall be irrevocable.
- 9.4.4 Provided that the Change of Control Put Option has been validly exercised in respect of any Note in accordance with the foregoing, the Issuer shall redeem such Note on the Change of Control Put Date. Such redemption will be made either:
- (i) by the payment in cash on such Change of Control Put Date of an amount equal to the Change of Control Put Price in respect of such Change of Control Put Date; or
 - (ii) (assuming for this purpose that the redemption of such Note at the Change of Control Put Price is deemed to be an Advanced Instalment Payment) if the Issuer gives a Principal Share Settlement Option Notice in respect of such Advanced Instalment Payment, by the delivery of a number of freely-tradable Shares equal to the Deliverable Shares in respect of such Instalment Payment, all in accordance with, and subject to, Condition 9.1.2.
- 9.4.5 For the avoidance of doubt, the Issuer shall have no responsibility for any cost or loss of whatever kind (including breakage costs) which the Noteholder may incur as a result of or in connection with such Noteholder’s exercise or purported exercise of, or otherwise in connection with, any Change of Control Put Option (whether as a result of any purchase or redemption arising therefrom or otherwise).
- 9.4.6 For the purpose of the Terms and Conditions:

A “**Change of Control**” means the acquisition of Control of the Issuer by one or several individual(s) or legal entity or entities, acting alone or in concert, other than Gemmes Venture where:

“**Control**” means holding (directly or indirectly, through companies themselves controlled (within the meaning of article L.233-3 of the French Commercial Code (*Code de commerce*)) by the relevant individual(s) or entities acting alone or in concert) (x) the majority of the voting rights attached to the Issuer’s shares or (y) more than 40% of these voting rights if no other shareholder(s) of the Issuer, acting alone or in concert, hold(s) (directly or indirectly, through companies themselves controlled by such shareholder(s)) a percentage in excess of such percentage.

For the purpose of this definition, “**acting in concert**” has the meaning given in Article L.233-10 of the French Commercial Code (*Code de commerce*).

9.5 Cancellation of the Notes

Shall cease to be considered outstanding and shall be cancelled in accordance with applicable law (i) the Notes redeemed at or prior to maturity, (ii) the Notes for which the Conversion Right has been exercised, as well as (iii) the Notes repurchased by the Issuer.

9.6 Delay in payments

If any date on which any payment of principal or interest falls due in accordance with these Terms and Conditions is not a Business Day, such payment shall be made on the next following Business Day and, in any such case, the Noteholders will not be entitled to any sum in respect of such postponed payment.

10. PRESCRIPTION

Any claims filed against the Issuer seeking redemption of the Notes will be barred (*prescrites*) at the expiration of a period of ten (10) years from the normal or early redemption date.

Any claims filed against the Issuer for the payment of interest due under the Notes will be time barred (*prescrites*) after a period of five (5) years from the date on which such interest becomes due.

11. REPRESENTATION OF NOTEHOLDERS

In accordance with Article L.228-103 of the French Commercial Code (*Code de commerce*), the Noteholders will be grouped together in a collective group with a legal personality (the “*Masse*”) to defend their common interests. The Masse will be governed by the provisions of the French Commercial Code (*Code de commerce*) and by the conditions set out below, provided that notices calling a general meeting of Noteholders and the decisions passed at any general meeting of Noteholders will be given and published only as provided in this Condition 11.

The Noteholders’ general meeting is competent to authorise amendments to the Terms and Conditions of the Notes and to vote on all decisions that require its approval under applicable law. The Noteholders’ general meeting also deliberates on any proposed merger or spin-off of the Issuer pursuant to Articles L.228-65, I, 3°, L.236-14 and L.236-23 of the French Commercial Code (*Code de commerce*), the provisions of which, along with those of Article L.228-73 of the French Commercial Code (*Code de commerce*), shall apply.

Under current law, each Note carries the right to one vote. The general meeting of Noteholders may not validly deliberate unless the Noteholders present or represented hold at least one-fourth of the Notes carrying voting rights at the first meeting convocation and at least one-fifth at the second meeting convocation. Decisions made by the general meeting of Noteholders are only valid if approved by a majority of two-thirds of the votes of the Noteholders present or represented.

In accordance with Article R.228-71 of the French Commercial Code (*Code de commerce*), the right of each Noteholder to participate in Noteholders’ general meetings will be evidenced by the entries in the books of the relevant financial intermediary holding the securities accounts of the name of such Noteholder as of 0:00 (Paris time) on the second (2nd) Business Day in Paris preceding the date set for the meeting of the relevant general assembly.

In accordance with Articles L.228-59 and R.228-67 of the French Commercial Code (*Code de commerce*), notice of date, hour, place and agenda of any Noteholders’ general meeting will be

given by way of a notice published by the Issuer in accordance with Condition 15.10 (*Notices*) which will also be posted on its website (<https://www.crossject.com>) not less than fifteen (15) days prior to the date of such general meeting on first convocation, and five (5) days on second convocation.

Each Noteholder has the right to participate in a Noteholders' general meeting in person, by proxy, by correspondence and, in accordance with Article L.228-61 of the French Commercial Code (*Code de commerce*) by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders, as provided *mutatis mutandis* by Article R.223-20-1 of the French Commercial Code (*Code de commerce*).

Decisions of Noteholders' general meetings once approved will be published by way of a press release published by the Issuer which will also be posted on its website (<https://www.crossject.com>). The decisions referred to in Articles R.228-61, R.228-79 and R.236-11 of the French Commercial Code (*Code de commerce*) will be published, to the extent permitted by such articles, by way of a press release published by the Issuer which will also be posted on its website (<https://www.crossject.com>).

Representative of the Masse of Noteholders

In accordance with Articles L.228-47 and L.228-51 of the French Commercial Code (*Code de commerce*), the general meeting of Noteholders shall be represented by a representative of the *masse* of Noteholders (hereinafter referred to as the “**Representative of the Masse**”), which will be appointed in accordance with the provisions of the French Commercial Code (*Code de commerce*).

The Representative of the Masse will have the power, subject to any contrary resolution of the general meeting of Noteholders, to carry out, on behalf of the Masse all actions of an administrative nature that may be necessary to protect the common interests of the Noteholders.

The Representative of the Masse will exercise its duty until its dissolution, resignation or termination of its duty by a general meeting of Noteholders or until it becomes unable to act. Its appointment shall automatically cease on the Original Maturity Date, or if no Notes remain outstanding prior to the Original Maturity Date. His appointment shall automatically cease on the date of total redemption of the Notes, whether at or prior to maturity. This term may be automatically extended, as the case may be, until the final resolution of any legal proceedings in which the Representative of the Masse is involved and the enforcement of any judgments rendered or settlements made pursuant thereto, if applicable.

General

The Issuer will bear the cost of compensation of the Representative of the Masse and the expenses of calling and holding general meetings of the Noteholders, the costs related to publishing the decisions thereof, as well as any fees related to the appointment of the Representative of the Masse under Article L.228-50 of the French Commercial Code (*Code de commerce*), and, more generally, all duly incurred and justified administrative and operational expenses of the Masse (subject to scope of work and budget pre-agreed).

General meetings of the Noteholders will be held at the registered office of the Issuer or such other place as will be specified in the notice convening the meeting. Each Noteholder will have the right, during the fifteen (15) day period preceding such meeting, to review or procure a written copy, whether on his own or by proxy, at the registered head office of the Issuer or any other location specified in the notice of the meeting, of the resolutions to be proposed and reports to be presented at such meeting.

In the event that future issuances of notes give subscribers identical rights to those under the Notes and if the terms and conditions of such future notes so permit, the holders of all such notes shall be grouped together in a single *masse*.

Sole Noteholder

If and for so long as the Notes are held by a sole Noteholder and unless a Representative of the Masse has been appointed, such Noteholder shall exercise all the powers, rights and obligations entrusted to the *masse* by the provisions of the French Commercial Code (*Code de commerce*). Such sole Noteholder shall hold a register of the decisions it will have taken in this capacity and shall make it available, upon request, to any subsequent holder of all or part of the Notes.

12. ISSUE DATE

The Notes have been issued on 28 February 2024 (the “**Issue Date**”).

The Issue Date of the Notes is also the entitlement and settlement-delivery date.

13. RESTRICTIONS ON THE TRANSFERABILITY OF THE NOTES

The Noteholders may only transfer any Notes to any person in compliance with the provisions of the Subscription Agreement and subject to the Issuer’s consent if the beneficiary is not affiliated with the Noteholders.

14. TAXATION

14.1 Withholding taxes

All payments by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within any jurisdiction or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If a Tax Deduction is required by law to be made, the amount of the payment due shall be increased to an amount which (after making any Tax Deduction) leaves an amount equal to the payment which would have been due if no Tax Deduction had been required, provided that no such increased payment shall be made (i) to the extent that such Tax Deduction is imposed due to the failure of the beneficiary of such payment to provide any form, certificate, document, or other information that would have reduced or eliminated such Tax Deduction pursuant to any provision of domestic law or of an applicable tax treaty where provision of the same by such beneficiary was reasonable in the circumstances; or (ii) to the extent such Tax Deduction relates to FATCA; or (iii) where the payment is made to an account opened or held in a non-cooperative jurisdiction as set out in the list referred to Article 238-0 A of the French tax code (*Code Général des Impôts*) as such list may be amended from time to time or to a financial institution situated in such a jurisdiction.

For the purpose of this Clause 14.1, “**FATCA**” means:

- (a) sections 1471 to 1474 of the Code or any associated regulations;
- (b) any treaty, law or regulation of any other jurisdiction, or relating to an intergovernmental agreement between the US and any other jurisdiction, which (in either case) facilitates the implementation of any law or regulation referred to in paragraph (a) above; or
- (c) any agreement pursuant to the implementation of any treaty, law or regulation referred to in paragraphs (a) or (b) above with the US Internal Revenue Service, the US government or any governmental or taxation authority in any other jurisdiction.

14.2 French tax on financial transactions

14.2.1 Pursuant to Article 235 ter ZD of the French General Tax Code (*Code général des impôts*) as in force and applicable on the date hereof, a financial transactions tax (the “FTT”) applies, subject to certain exceptions, to acquisitions for consideration resulting in a transfer of ownership of equity securities (*titres de capital*) within the meaning of Article L.212-1 A of the French Monetary and Financial Code (*Code monétaire et financier*) or assimilated equity securities (*titres de capital assimilés*) within the meaning of Article L.211-41 of the French Monetary and Financial Code (*Code monétaire et financier*) admitted to trading on a regulated market which are issued by a company whose head office is in France and whose market capitalisation exceeds one billion euros on the 1st of December of the year preceding the year of imposition. The list of the companies meeting the above-mentioned criteria for each upcoming year is published each year by the French tax authorities in their guidelines (*Bulletin Officiel des Finances Publiques – Impôts*). Pursuant to the guidelines published by the French tax authorities (BOI-ANNX-000467 dated 20 December 2023), the market capitalisation of the Issuer did not exceed this threshold on 1 December 2023.

14.2.2 Under French law, as in force and applicable on the date hereof, Noteholders are advised that even if the market capitalisation of the Issuer would exceed at one point the above one billion euros threshold:

- the acquisition of the Notes is exempt from the FTT; and
- the subscription of new Shares upon the exercise by the Noteholders of their Conversion Right should in principle be exempt from the FTT, because it should benefit from the exemption on capital increases provided for by Article 235 ter ZD of the French General Tax Code (*Code général des impôts*). Although, the French tax authorities seem to consider that every delivery of shares upon the exercise of a conversion right should be subject to the FTT (BOI-TCA-FIN-10-20 dated 18 November 2014 n° 290), the *Direction de la Législation Fiscale* confirmed that the conversion of notes into newly issued Shares can benefit from the exemption on capital increase provided for by Article 235 ter ZD (letter from the *Direction de la Législation Fiscale* to *Association des marchés financiers en Europe* dated 19 February 2013).

14.2.3 The Issuer is required to assume or indemnify the Noteholders for the cost of the FTT or any registration, transfer or similar duties or taxes may become applicable with respect to the delivery of the new Shares to be issued upon conversion of the Notes.

Investors are invited to contact their usual tax advisor to assess the tax consequences of exercising their Conversion Right.

15. CONVERSION RIGHT

15.1 Nature of the Conversion Right

The Noteholders will have the right (the “**Conversion Right**”) to require, during the time period defined in Condition 15.3 (*Period of the Conversion Right*) and in accordance with the terms of Condition 15.4 (*Terms of allocation pursuant to the Conversion Right*), the Issuer to deliver (by way of set-off against amounts owed under the Notes) a number of new Shares equal to the product of (i) the Conversion Ratio in effect on the Exercise Date (as defined below), (ii) a fraction, the numerator of which is the Outstanding Principal Amount per Note on such Exercise Date and the denominator of which is the initial principal amount of €100,000 per Note, and (iii) the number of Notes for which the Conversion Right has been exercised in accordance with these Terms and Conditions (subject to the terms of Condition 15.6.4 and Condition 15.11 (*Aggregation, Treatment of fractional entitlements*)).

Exercise of the Conversion Right results in the cancellation of the Notes for which it was exercised.

For the purpose of these Terms and Conditions:

The “**Conversion Ratio**” as at the A&R Date shall (notwithstanding anything to the contrary in these Terms and Conditions) be [●] Shares (being the result (rounded to the nearest whole multiple of 0.0001 Shares (with 0.00005 being rounded upwards)) (as determined by the Calculation Agent) of €100,000 divided by the A&R Conversion Price), and is subject to adjustment from time to time in accordance with Condition 15.2 (*Qualifying Equity Offering Conversion Ratio Reset*) and Condition 15.8 (*Preservation of Noteholders’ rights*). The Conversion Ratio as at the Issue Date was 19,420.4925 Shares (being the result (rounded to the nearest whole multiple of 0.0001 Shares (with 0.00005 being rounded upwards)) (as determined by the Calculation Agent) of €100,000 divided by the Initial Conversion Price).

15.2 Qualifying Equity Offering Conversion Ratio Reset

Subject to the following paragraph, if any Qualifying Equity Offering is completed by the Issuer between the Issue Date and 28 February 2027 (both dates inclusive) (the “**QEO Reset Period**”), the Conversion Ratio will, subject as provided in the following paragraph, be adjusted on the QEO Reset Date in respect of such QEO by the Calculation Agent to be equal to the QEO Reset Conversion Ratio in respect of such QEO.

Any adjustment to the Conversion Ratio in respect of any QEO pursuant to this Condition 15.2 on the relevant QEO Reset Date (each such adjustment, a “**QEO Conversion Ratio Reset**”) shall be made only if the Conversion Ratio so adjusted is greater than the Conversion Ratio (the “**Reference Conversion Ratio**” in respect of such QEO) that would, but for the operation of this Condition 15.2 in respect of such QEO, be in effect on such QEO Reset Date (taking into account, without limitation, the adjustment (if any) required to be made pursuant to Condition 15.8.2 in respect of such QEO).

“**Equity Offering**” means any issuance (completed on or after the Issue Date) by the Issuer or any of its Subsidiaries or affiliates of (other than other than pursuant to any Exempt Transaction):

- (i) any equity securities of the Issuer (including without limitation Shares) (other than upon exercise of rights of conversion, exchange, subscription or acquisition attached to any equity-linked security that is convertible, exchangeable or exercisable into equity securities of the Issuer); or
- (ii) any equity-linked security that is convertible, exchangeable or exercisable for Shares (any such equity-linked security, a “**Share-Linked Security**”), or other equity-linked security that is convertible, exchangeable or exercisable into equity securities of the Issuer (other than Shares), in each case including without limitation, any warrants, preferred shares, convertible notes or other similar instruments.

“**Exempt Transaction**” means each of (i) any issuance of equity securities of the Issuer or equity-linked security that is convertible, exchangeable or exercisable into equity securities of the Issuer pursuant to any LTIP Issuance, where “**LTIP Issuance**” means any issuance of equity securities of the Issuer or equity-linked security that is convertible, exchangeable or exercisable into equity securities of the Issuer (in each case completed on or after the Issue Date) to, or for the benefit of, employees, officers and directors of the Issuer or any of its Subsidiaries and in each case pursuant to any employee incentive plans of the Issuer, (ii) the private placement comprising an issue of new ordinary shares and warrants for a total gross amount of at least €7 million whose launch press release has been published on 10 December 2024 and (iii) the issue of new ordinary shares on exercise of warrants issued on the private placement whose launch press release has been published on 10 December 2024.

“**Equity Offering Issue Price**” means, in respect of any Equity Offering, the Offering Proceeds in respect thereof divided by (i) in the case of an Equity Offering comprising Shares, the number

of such Shares, (ii) in the case of an Equity Offering comprising Share-Linked Securities, the maximum number of Shares issuable pursuant to the conversion, exchange or exercise thereof (provided that where such maximum number of Shares is to be determined by reference to the application of a formula or other variable feature or the occurrence of any event at some subsequent time, such maximum number of Shares shall be determined by the application of such formula or variable feature or as if the relevant event occurs or had occurred as at the first date of public announcement of the terms of such Share-Linked Securities and as if such conversion, exchange or exercise had taken place on such date), as determined by the Issuer acting reasonably and in consultation with the Calculation Agent, or (iii) in any other case, such price as is determined to be appropriate by an Independent Expert.

“**QEO Reset Conversion Ratio**” means, in respect of any QEO, the result (rounded to the nearest integral multiple of 0.0001 Share (with 0.00005 being rounded upwards)) of €100,000 divided by 135% of the Equity Offering Issue Price in respect of the relevant QEO, provided that if the Reference Conversion Ratio in respect of such QEO was adjusted pursuant to Condition 15.8.2 in respect of any other any event which was announced after the date on which the terms of such QEO are publicly announced, the QEO Conversion Ratio Reset shall be equal to the product (rounded as aforesaid) of (x) the QEO Reset Conversion Ratio determined as provided above and (y) the Conversion Ratio adjustment factor in respect of such other event determined in accordance with Condition 15.8.2, all as determined in by the Calculation Agent.

“**Offering Proceeds**” means, in respect of any Equity Offering, (i) (in the case of an Equity Offering comprising Shares) the aggregate amount of the gross cash proceeds received by the Issuer (and/or any Subsidiary of the Issuer, or any of their respective affiliates) in respect of such Equity Offering, as determined by the Issuer acting reasonably and in consultation with the Calculation Agent, (ii) (in the case of an Equity Offering comprising the issuance of Share-Linked Securities) the aggregate gross cash proceeds receivable per Share (taking into account the gross cash proceeds receivable at issue and at any time during the life of such Equity-Linked Securities, and the maximum number of Shares that may be issued or transferred pursuant to the exercise, conversion or exchange of such Equity-Linked Securities), as determined by the Issuer acting reasonably and in consultation with the Calculation Agent, or (iii) (in any other case) such amount as is determined to be appropriate by an Independent Expert.

“**Qualifying Equity Offering**” or “**QEO**” means any Equity Offering if the Offering Proceeds of such Equity Offering, together with the Offering Proceeds in respect of any other previous Equity Offering (disregarding for this purpose the entirety of any Equity Offering if any part or the entirety of such Equity Offering was previously taken into account in the determination of any previous Qualifying Equity Offering), are equal to or greater than €5 million, as determined by the Issuer acting reasonably and in consultation with the Calculation Agent.

Any adjustment to the Conversion Ratio pursuant to this Condition 15.2 shall become effective as of the date (the “**QEO Reset Date**” in respect of the relevant QEO) which is the later of (i) the date of completion of the relevant QEO and (ii) the first date on which such adjustment is capable of being determined in accordance with these Terms Conditions, and notice of any such adjustment shall be given by the Issuer to Noteholders in accordance with Condition 15.10 (*Notices*).

15.3 Period of the Conversion Right

15.3.1 The Noteholders may exercise their Conversion Right at any time (subject to Condition 15.5 (*Suspension of the Conversion Right*)) from (and including) the first (1st) Business Day following the Issue Date to (and including) the fifth (5th) Business Day preceding (i) the Maturity Date or (ii) if earlier, the date of redemption of all the outstanding Notes as a result of the operation of Condition 9.1.3(ii) (the “**Exercise Period**”).

- 15.3.2 Any Noteholder who has not requested the exercise of its Conversion Right within the Exercise Period above will be reimbursed at the Maturity Date or at the early redemption date in accordance with Condition 9 (*Redemption of the Notes*).

15.4 Terms of allocation pursuant to the Conversion Right

Upon exercise of its Conversion Right and subject to the provisions of Condition 15.8.3 (*Public offers*), each Noteholder will receive new Shares.

The total number of new Shares shall be determined by the Calculation Agent and be equal, for each Noteholder, to the product of (i) the lower of (x) the Conversion Ratio in effect on the Exercise Date (as defined below) and (y) €100,000 divided by the Floor Price in effect on such Exercise Date, (ii) a fraction, the numerator of which is the Outstanding Principal Amount per Note on such Exercise Date and the denominator of which is the initial principal amount of €100,000 per Note, and (iii) the number of Notes transferred to the Issuer and for which the Conversion Right has been exercised in accordance with these Terms and Conditions (subject to the terms of Condition 15.6.1, 15.6.4 and Condition 15.11 (*Aggregation, Treatment of fractional entitlements*)).

15.5 Suspension of the Conversion Right

In the event of a share capital increase or issuance of new Shares or securities conferring rights to receive Shares, or any other financial transactions conferring preferential subscription rights (including in the form of subscription warrants) or reserving a priority subscription period for the benefit of the Shareholders, or in the event of a merger or a demerger (*scission*), the Issuer shall be entitled to suspend the exercise of the Conversion Right for a period not exceeding three (3) months or such other period as may be established by applicable regulations. Any such suspension may not cause the Noteholders to lose their Conversion Right.

The Issuer's decision to suspend the Conversion Right of the Noteholders will be published in accordance with Condition 15.10 (*Notices*). This notice shall be published at least seven (7) days before the suspension of the Conversion Right becomes effective. The notice shall specify the dates on which the suspension period begins and ends.

15.6 Conditions of exercise of the Conversion Right

- 15.6.1 To exercise any Conversion Right in respect of any Note, Noteholders must give notice thereof to the Issuer in accordance with Condition 15.10 (the date on which such notice is so given, the "**Exercise Date**"), provided that the relevant Exercise Date must fall during the Exercise Period.

Once a Conversion Right exercise is deemed to have been made as provided above, such exercise shall be irrevocable.

Any Conversion Right exercise which has been validly made as provided above will take effect on the Exercise Date.

Notwithstanding the foregoing and without prejudice to the provisions of Condition 9.1 (*Mandatory redemption by amortisation*), in the event that the Conversion Right is exercised pursuant to the provisions of these Terms and Conditions and if the Issuer cannot issue, within the applicable legal limits, a sufficient number of new Shares under the available thresholds allowed by the decision authorizing the issuance of equity securities under which the Notes are being issued, to deliver to Noteholders having exercised their Conversion Right all of the new Shares required to be delivered upon such exercise, the Issuer must (A) notify thereof the relevant Noteholders as soon as practicable after the relevant Exercise Date (and to the extent possible within two (2) Business Days following such Exercise Date) and (B) pay to the Noteholders an amount in cash equal to the product (rounded to the nearest whole multiple of €0.01 (with €0.005 being rounded upwards)) of (i) the Volume-Weighted Average Price of the Shares on the Exercise Date (or, if this is not a Trading Day, on the immediately preceding

Trading Day) and (ii) the number of Shares that would have been delivered to the Noteholders upon such exercise of the Conversion Right but the Issuer was not able to issue as a result of the applicable legal limits set forth above. This amount will be determined by the Calculation Agent. This cash amount will be payable no later than the third (3rd) Business Day following the relevant Exercise Date.

All Noteholders with Notes having the same Exercise Date will be treated equally and will have their Notes converted in the same proportion, subject to rounding.

15.6.2 The Noteholders will receive delivery of new Shares (other than Additional Shares) no later than the second (2nd) Business Day following the relevant Exercise Date.

15.6.3 Retroactive Adjustments

If the Record Date (as defined in Condition 15.8 (*Preservation of Noteholders' rights*)) for a transaction that triggers an adjustment of the Conversion Ratio (see Condition 15.8.1 or 15.8.2) occurs prior to the relevant delivery date of the Shares upon exercise of the Conversion Right (and whether such Record Date falls prior to, on or after the Exercise Date), the Noteholders will have no right to participate in, and will have no right to indemnification in respect of, such transaction subject to their right to an adjustment of the Conversion Ratio until the delivery date of the Shares (exclusive).

If the Record Date of the transaction giving rise to an adjustment described in Condition 15.8.1 or 15.8.2 occurs prior to the relevant delivery date of the Shares upon exercise of the Conversion Right (and whether such Record Date falls prior to, on or after the Exercise Date) in circumstances where the Conversion Ratio in effect as of the relevant Exercise Date does not reflect the relevant adjustment in respect of this transaction pursuant to Condition 15.8.1 or 15.8.2, the Issuer will deliver such number (as determined by the Calculation Agent) of additional Shares (the “**Additional Shares**”), as, together with the number of Shares required to be delivered based on the Conversion Ratio in effect on the Exercise Date, is equal to such number of Shares as would have been required to be delivered had the Conversion Ratio adjusted in respect of such transaction been in effect on such Exercise Date, subject to Condition 15.11 (*Aggregation, Treatment of fractional entitlements*).

The Noteholders will receive delivery of the Additional Shares (i) on the relevant Delivery Date or (ii) if the number of Additional Shares could not be determined by the Calculation Agent in time for such delivery to be made on such Delivery Date, as soon as practicable after such determination is made.

15.6.4 The Issuer will not be required to pay or indemnify the Noteholders for any stamp duties, registration duties, financial transaction tax (including among others the FTT), transfer or other similar duties or taxes, including any related interest and penalties, due in relation to the delivery of Shares pursuant to the exercise of a Conversion Right.

15.7 Noteholders' rights to dividends with respect to Shares delivered - listing of the Shares delivered upon exercise of the Conversion Right

15.7.1 Right to dividends of the Shares issued upon exercise of the Conversion Right

The new Shares to be issued upon exercise of the Conversion Right will carry dividend rights and confer upon their holders, from their date of delivery, all the rights attached to the Shares, it being specified that in the event that a Record Date for a dividend (or interim dividend) or any other entitlement or right in respect of the Shares occurs prior to the relevant delivery date of the Shares (exclusive) (and whether such Record Date falls prior to, on or after the Exercise Date), the Noteholders will not be entitled to such dividend (or interim dividend) or other entitlement or right in respect of the Shares nor to any compensation therefor, subject to the right to an adjustment provided for in Condition 15.8 (*Preservation of Noteholders' rights*).

It should be noted that in accordance with Condition 15.6 (*Conditions of exercise of the Conversion Right*) and Condition 15.8 (*Preservation of Noteholders' rights*), the Noteholders will have the right to an adjustment of the Conversion Ratio up to the date of the delivery of the Shares (exclusive).

15.7.2 Listing of the new Shares issued upon exercise of the Conversion Right

Applications will be made for the admission to trading on the Relevant Exchange of the new Shares issued upon exercise of the Conversion Right. Accordingly, the new Shares will immediately become fungible with the existing Shares listed on the Relevant Exchange and tradable, as from the date on which they are admitted to trading, on the same listing line as such existing Shares under the same ISIN code FR0011716265.

15.8 Preservation of Noteholders' rights

15.8.1 Specific provisions

In accordance with the provisions of Article L.228-98 of the French Commercial Code (*Code de commerce*),

- (A) the Issuer may change its form or its corporate purpose without requesting the approval of the Noteholders' general meeting;
- (B) the Issuer may, without requesting the approval of the Noteholders' general meeting, redeem its share capital, or modify the allocation of its profit and/or issue voting or non-voting preference Shares or other preferred equity instruments provided that, as long as any Notes are outstanding, it takes the necessary measures to preserve the rights of the Noteholders;
- (C) in the event of a capital reduction resulting from losses and realised through a decrease of the par value or of the number of Shares comprising its share capital which the Issuer may carry out as from the Issue Date and the Record Date (as defined below) of which occurs before the delivery date of the Shares to be delivered upon exercise of the Conversion Right (or, as the case may be, pursuant to Condition 9.1), the rights of the Noteholders will be reduced accordingly, as if they had exercised their Conversion Right prior to the date on which such share capital reduction occurred. In the event of a reduction of the share capital by a decrease in the number of Shares, the new Conversion Ratio will be determined by the Calculation Agent and will be equal to the product of the Conversion Ratio in effect prior to the decrease in the number of Shares and the following ratio:

Number of Shares in the share capital after the reduction

Number of Shares in the share capital prior to the reduction

The new Conversion Ratio so adjusted will be rounded to the integral multiple of 0.0001 Share (with 0.00005 being rounded upwards). Any subsequent adjustments will be carried out on the basis of such newly calculated and rounded Conversion Ratio.

Such adjustment to the Conversion Ratio will become effective on the date on which the transaction triggering such adjustment is completed.

In accordance with Articles L.228-99 and R.228-92 of the French Commercial Code (*Code de commerce*), if the Issuer decides to issue, in any form whatsoever, new Shares or securities giving access to the share capital with a preferential subscription right reserved for Shareholders, to distribute reserves, in cash or in kind, and issue premiums or to modify the allocation of its profits by creating preferred Shares, it will inform the

Noteholders by way of a notice published in accordance with Condition 15.10 (*Notices*).

15.8.2 Adjustments to the Conversion Ratio in the event of financial transactions of the Issuer

Following any of the following transactions:

- (A) financial transactions with listed preferential subscription rights or by free allocation of listed subscription warrants;
- (B) free allocation of Shares to the Shareholders, Share split or reverse split of Shares;
- (C) incorporation into the share capital of reserves, profits or premiums by an increase in the par value of the Shares;
- (D) distribution of reserves or premiums, in cash or in kind;
- (E) free allocation to the Issuer's Shareholders of any securities other than Shares;
- (F) merger (*absorption or fusion*) or demerger (*scission*);
- (G) repurchase by the Issuer of its own Shares at a price higher than the market price;
- (H) redemption of share capital;
- (I) modification of allocation of the profits of the Issuer through issuance of voting or non-voting preference shares or other preferred equity instruments; and
- (J) distribution by the Issuer of a Dividend;

which the Issuer may carry out as from the Issue Date, for which the Record Date (as defined below) occurs before the delivery date of the new Shares to be delivered upon exercise of the Conversion Right (or, as the case may be, pursuant to Condition 9.1), the rights of the Noteholders will be maintained up to the delivery date (exclusive) by means of an adjustment to the Conversion Ratio in accordance with and subject to the provisions set forth below.

The "**Record Date**" is, in respect of any transaction of the type referred to in Condition 15.8.1(C) or paragraphs (A) to (J) below, (i) the date on which the holding of the Shares is established so as to determine which Shareholders are the beneficiaries of such transaction or may take part in such transaction and, in particular, to which Shareholders a dividend, a distribution or an allocation, announced or voted as of this date or announced or voted prior to this date, should be paid, delivered, or completed; or (ii) (to the extent such a date cannot be determined as provided in (i) in the case of a transaction pursuant to paragraph (I) below) such date as is determined in good faith to be appropriate by an Independent Expert.

Such adjustment will be carried out so that, to the nearest integral multiple of 0.0001 Share (with 0.00005 being rounded upwards), the value of the Shares that would have been delivered upon exercise of the Conversion Right (or, as the case may be, pursuant to Condition 9.1) immediately before the completion of any of the transactions mentioned above, is equal to the value of the Shares to be delivered upon exercise of the Conversion Right (or, as the case may be, pursuant to Condition 9.1) immediately after the completion of such a transaction.

In the event of adjustments carried out in accordance with paragraphs (A) to (J) below, the new Conversion Ratio so adjusted will be rounded to the nearest integral multiple of 0.0001 Share (with 0.00005 being rounded upwards). Any subsequent adjustments will be carried out on the basis of such newly calculated and rounded Conversion Ratio.

However, because the Conversion Ratio may only result in the delivery of a whole number of Shares, fractional entitlements will be settled as specified in Condition 15.11 (*Aggregation, Treatment of fractional entitlements*).

Adjustments carried out in accordance with paragraphs (A) to (J) below will become effective on the date on which the transaction triggering such adjustment is completed.

In the event that the Issuer carries out transactions in respect of which no adjustment has been made in accordance with paragraphs (A) to (J) below and a subsequent law or regulation requires an adjustment, the Issuer will apply such adjustment in accordance with applicable laws or regulations and the relevant market practice in effect in France.

In the event that the Issuer carries out a transaction likely to be subject to several adjustments, legal adjustments will apply by priority.

(A) Financial transactions with listed preferential subscription right or with the free allocation of listed subscription warrants

(a) In the event of financial transactions with a listed preferential subscription right granted to the Shareholders, the new Conversion Ratio will be determined by the Calculation Agent by multiplying the Conversion Ratio in effect prior to the relevant transaction by the following formula:

$$\begin{array}{r} \text{Value of the Share ex right} \\ + \text{Value of the preferential subscription right} \\ \hline \text{Value of the Share ex right} \end{array}$$

For the purpose of the calculation of this formula, the values of the Share ex right and of the preferential subscription right will be equal to the arithmetic average of their Opening Prices (if any) on each Trading Day comprised in the subscription period.

(b) In the event of financial transactions with free allocation of listed subscription warrants to the Shareholders with the corresponding ability to sell the securities resulting from the exercise of warrants that were unexercised by their holders at the end of their subscription period³, the new Conversion Ratio will be determined by the Calculation Agent by multiplying the Conversion Ratio in effect prior to the relevant transaction by the following formula:

$$\begin{array}{r} \text{Value of the Share after the detachment of the warrant} \\ + \text{Value of the warrant} \\ \hline \text{Value of the Share after the detachment of the warrant} \end{array}$$

For the purpose of the calculation of this formula:

- the value of the Share after the detachment of the warrant will be equal to the volume-weighted average of (i) the trading prices of the Share on the Relevant Exchange on each Trading Day comprised in the subscription period, and (ii)

³ Are only concerned warrants which are «substitutes» of preferential subscription rights (exercise price usually lower than the market price, term of the warrant similar to the period of subscription of the increase of capital with upholding of the shareholders' preferential subscription right, option to «recycle» the non-exercised warrants). The adjustment as a result of a free allocation of standard warrants (exercise price usually greater than the market price, term usually longer, absence of option granted to the beneficiaries to «recycle» the non-exercised warrants) should be made in accordance with paragraph E.

(a) if such securities are fungible with the existing Shares, the sale price of the securities sold in connection with the offering, applying the volume of Shares sold in the offering to the sale price, or (b) if such securities are not fungible with the existing Shares, the trading prices of the Share on the Relevant Exchange on the date on which the sale price of the securities sold in the offering is set;

- the value of the warrant will be equal to the volume-weighted average of (i) the trading prices of the warrants on the Relevant Exchange on each Trading Day comprised in the subscription period, and (ii) the subscription warrant's implicit value as derived from the sale price of the securities sold in the offering, which shall be deemed to be equal to the difference (if positive) adjusted for the exercise ratio of the warrants, between the sale price of the securities sold in the offering and the subscription price of the securities through exercise of the warrants by applying to this amount the corresponding number of warrants exercised in respect of the securities sold in the offering. If the warrants are not listed, the price of the warrants shall be determined by an Independent Expert.

- (B) In the event of the free allocation of Shares to Shareholders, or a Share split or reverse Share split, the new Conversion Ratio will be determined by the Calculation Agent by multiplying the Conversion Ratio in effect prior to the relevant transaction by the following formula:

Number of Shares included in the share capital after the transaction

Number of Shares included in the share capital prior to the transaction

- (C) In the event of a capital increase by incorporation of reserves, profits or premiums achieved by increasing the par value of the Shares, the par value of the Shares that will be delivered to the Noteholders exercising their Conversion Right (or, as the case may be, pursuant to Condition 9.1) will be increased accordingly and no adjustment shall be required to be made to the Conversion Ratio.

- (D) In the event of a distribution of reserves or premiums, in cash or in kind (portfolio securities, etc.) to the Shareholders, the new Conversion Ratio will be determined by the Calculation Agent by multiplying the Conversion Ratio in effect prior to the relevant transaction by the following formula:

Value of the Share prior to the distribution

Value of the Share prior to the distribution – Amount distributed per Share or value of the securities or assets distributed per Share

For the purpose of the calculation of this ratio:

- the value of the Share prior to the distribution will be equal to the Volume-Weighted Average Price of the Share over the period comprising the last three (3) Trading Days preceding the Trading Day on which the Shares are first traded ex-distribution on the Relevant Exchange;
- if the distribution is made in cash, or is made either in cash or in kind (including but not limited to Shares) at the option of the shareholders (including but not limited to pursuant to Articles L.232-18 *et seq.* of the French Commercial Code (*Code de commerce*), the amount distributed per Share will be the amount of such cash payable per Share (prior to any withholdings and without taking into

account any applicable deductions), i.e. disregarding the value of the in-kind property payable in lieu of such cash amount at the option of the shareholders as aforesaid;

- if the distribution is made in kind only:
 - in the event of a distribution of securities that are already listed and whose main listing is on a Regulated Market or a similar market, the value of the distributed securities will be determined in the same manner as the value of the Share prior to the distribution as provided above (or, if no such value can be so determined, the value of the distributed securities will be determined by the Independent Expert);
 - in the event of a distribution of securities that are not yet listed or do not have their prior main listing on a Regulated Market or similar market, the value of the distributed securities will be equal, if they are expected to be listed on a Regulated Market or similar market within the ten (10) Trading Days' period starting on the Trading Day on which the Shares are first traded ex-distribution on the Relevant Exchange, to the Volume-Weighted Average Price of such securities over the period comprising the first three (3) Trading Days included in such ten (10) Trading Day period during which such securities are listed (or, if no such value can be so determined, the value of the distributed securities will be determined by the Independent Expert); and
 - in other cases (including in the case of a distribution of securities that are not listed on a Regulated Market or a similar market or traded for less than three (3) Trading Days within the period of ten (10) Trading Days referred to above or in the case of a distribution of unlisted assets), the value of the securities or assets distributed per Share will be determined by an Independent Expert.

- (E) In the event of a free allocation to the Shareholders of financial instruments other than Shares and other than in the circumstances the subject of paragraph 15.8.2(A)(b) above, the new Conversion Ratio will be determined by the Calculation Agent by multiplying the Conversion Ratio in effect prior to the relevant transaction by the following formula:

$$\frac{\text{Value of the Share ex-right of free allocation} + \text{Value of the financial instruments allocated to each Share}}{\text{Value of the Share ex-right of free allocation}}$$

For the purpose of the calculation of this formula:

- the value of the Share ex-right of free allocation will be equal to the Volume-Weighted Average Price of the Share over the period comprising the first three (3) Trading Days starting on the Trading Day on which the Shares are first traded ex-right of free allocation on the Relevant Exchange;
- The value of the securities allocated will be determined as follows:
 - if such securities are listed on a Regulated Market or similar market which is their main listing in the period of ten (10) Trading Days

starting on the first (1st) Trading Day on which the Shares are quoted ex-right of free allocation: in the same manner as the value of the Share ex-right of free allocation as provided above (or, if such securities are not so listed on each of the three (3) Trading Days referred to above, as provided above but by reference to the first three (3) Trading Days on which such securities are so listed within such ten (10) Trading Days' period as aforesaid); or

- in any other case, including where the value of the securities cannot be determined as provided above: by an Independent Expert.

- (F) In the event that the Issuer is merged into another company (*absorption*) or is merged with one or more companies forming a new company (*fusion*) or carries out a demerger (*scission*) within the meaning of Article L.228-101 of the French Commercial Code (*Code de commerce*), the Notes will be convertible into Shares of the merged or new company or of the beneficiary companies of such demerger (and, for the avoidance of doubt, such shares shall be deemed to be the Shares for the purpose of these Terms and Conditions as from the date of completion of such transaction, subject to any technical changes to these Terms and Conditions required to be made as may be determined in good faith to be appropriate by an Independent Expert).

The new Conversion Ratio will be determined by the Calculation Agent by multiplying the Conversion Ratio in effect prior to the relevant transaction by the exchange ratio of Shares of the Issuer to the shares of the merging company or the beneficiary companies of a demerger. The merging company (or, in the case of multiple beneficiary companies of a demerger, such company or companies as is or are determined in good faith to be appropriate by an Independent Expert) will automatically be substituted for the Issuer for the purpose of the performance of its obligations towards the Noteholders and from such point such merging company or the beneficiary company or companies of a demerger as aforesaid shall constitute the Issuer for the purpose of these Terms and Conditions, subject to any technical changes to these Terms and Conditions required to be made to that effect as may be determined in good faith to be appropriate by an Independent Expert.

- (G) In the event of a repurchase by the Issuer of its own Shares at a price higher than the market price of the Shares (except for buyback made pursuant to Article L.22-10-62 al. 2 of the French Commercial Code (*Code de commerce*)), the new Conversion Ratio will be determined by the Calculation Agent by multiplying the Conversion Ratio in effect prior to the repurchase by the following formula:

$$\text{Value of the Share} \times (1 - \text{Pc}\%)$$

$$\text{Value of the Share} - (\text{Pc}\% \times \text{Repurchase price})$$

For the purpose of the calculation of this formula:

- “**Value of the Share**” means the Volume-Weighted Average Price of the Share over the period comprising the last three (3) Trading Days preceding the repurchase (or the repurchase option);
- “**Pc%**” means the percentage of share capital repurchased; and

- “**Repurchase price**” means the actual price at which any Shares are repurchased.

- (H) In the event of a redemption of the share capital, the new Conversion Ratio will be determined by the Calculation Agent by multiplying the Conversion Ratio in effect prior to the relevant transaction by the following formula:

$$\frac{\text{Value of the Share before the redemption}}{\text{Value of the Share before the redemption} - \text{Amount of the redemption per Share}}$$

For the purpose of the calculation of this formula, the value of the Share before the redemption will be equal to the Volume-Weighted Average Price of the Share over the period comprising the last three (3) Trading Days preceding the Trading Day on which the Shares are first traded ex-redemption on the Relevant Exchange.

- (I) In the event the Issuer changes its profit distribution and/or creates preferred Shares resulting in such a change, the new Conversion Ratio will be determined by the Calculation Agent by multiplying the Conversion Ratio in effect prior to the relevant transaction by the following formula:

$$\frac{\text{Value of the Share prior to the modification}}{\text{Value of the Share prior to the modification} - \text{Reduction per Share of the right to profits}}$$

For the purpose of the calculation of this formula:

- the Value of the Share prior to the modification will be equal to the Volume-Weighted Average Price of the Share over the period comprising the last three (3) Trading Days preceding the Trading Day on which the Shares are first traded ex-modification on the Relevant Exchange; and
- the Reduction per Share of the right to profits will be determined by an Independent Expert.

(a) In the case of creation of preferred Shares which do not result in a modification of allocation of the Issuer’s profits, the adjustment of the Conversion Ratio, if any, will be determined by an Independent Expert.

(b) Notwithstanding the foregoing, if such preferred Shares are issued with upholding of the preferential subscription rights of the Shareholders or by way of a free allocation to the Shareholders of warrants exercisable for such Shares, the new Conversion Ratio will be adjusted in accordance with paragraphs (A) or (E) above, as applicable.

- (J) Adjustment in the event of distribution of a Dividend:

In the event of the payment by the Issuer of any dividend, interim dividend or any distribution paid in cash or in kind to the Shareholders (excluding any dividend or distribution (or fraction of a dividend, interim dividend or distribution) leading to an adjustment in the Conversion Ratio by virtue of paragraphs (A) through (I) above) (prior to any withholdings and without taking into account any deductions or tax credits that may be applicable) (a “**Dividend**”), the new Conversion Ratio will be determined by the Calculation Agent by multiplying the Conversion Ratio in effect prior to the relevant transaction by the following formula:

$$\frac{STP}{STP-ADD}$$

where:

- “ADD” means the amount of the Dividend distributed per Share; provided that:
 - in the case of a Dividend payable solely in cash, ADD shall be equal to the cash amount distributed per Share;
 - in the case of a Dividend payable either in cash or in kind (including but not limited to Shares) at the option of Shareholders (including but not limited to pursuant to Articles L.232-18 *et seq.* of the French Commercial Code (*Code de commerce*), ADD shall be equal to the cash amount distributed per Share, i.e. disregarding the value of the in-kind property payable in lieu of such cash amount at the option of the Shareholders as aforesaid;
 - in the case of a Dividend payable solely in kind, ADD shall be equal to the value of such Dividend determined in the same way as that of the distribution of securities pursuant to paragraph (D) above; and
- “STP” means the share trading price, defined as being equal to the Volume-Weighted Average Price of the Share over the period comprising last three (3) Trading Days preceding the Ex-Date in respect of such Dividend, provided that where (i) the Ex-Date in respect of any other dividend, distribution or entitlement giving rise to an adjustment to the Conversion Ratio in accordance with Condition 15.8.1 (*Specific provisions*) or 15.8.2 (*Adjustments to the Conversion Ratio in the event of financial transactions of the Issuer*) falls on the Ex-Date of such Dividend and (ii) any of the Trading Days considered for the calculation of “STP” are cum- such other dividend, distribution or entitlement, the Volume-Weighted Average Price of the Share on any such Trading Day shall (if necessary to give the intended result as determined by (if the Calculation Agent determines in its sole discretion it is capable to make such determination in its capacity as Calculation Agent) the Calculation Agent or (in any other case) an Independent Expert) be divided by the adjustment factor to be applied to the Conversion Ratio in respect of such other dividend, distribution or entitlement (determined as provided in the relevant provisions of Condition 15.8.1 (*Specific provisions*) or 15.8.2 (*Adjustments to the Conversion Ratio in the event of financial transactions of the Issuer*) in respect of such adjustment).

15.8.3 Public offers

In the event that (i) the Shares would be targeted by a public offer (in cash or in securities, in cash and securities, etc.) which may result in a Change of Control (as defined in Condition 9.4 (*Early redemption at the Noteholders’ option upon Change of Control of the Issuer*)) or filed following a Change of Control (a “**Public Offer**”), and that the said offer would be declared admissible by the AMF (or its successor) and (ii) the Exercise Date in respect of any exercise of the Conversion Right falls during the Adjustment Period in case of a Public Offer (as defined below), the Conversion Ratio applicable solely to such exercise of the Conversion Right (the “**Public Offer Conversion Ratio**”) will be the Conversion Ratio in effect on the relevant Exercise Date adjusted in accordance with the following formula, as determined by the Calculation Agent:

$$POER = CER \times [1 + ICEP \times (D1 / D2)]$$

where:

- “**POER**” means the Public Offer Conversion Ratio (rounded to the nearest integral multiple of 0.0001 Share (with 0.00005 being rounded upwards));
- “**CER**” means the Conversion Ratio in effect on the relevant Exercise Date;
- “**ICEP**” means the initial conversion premium, i.e. 10%;
- “**D1**” means the actual number of days from (and including) the Offer Opening Date to (but excluding) the Maturity Date; and
- “**D2**” means the actual number of days from (and including) the Issue Date to (but excluding) the Maturity Date.

“**Adjustment Period in case of a Public Offer**” means, in respect of any Public Offer, the period:

- (A) from (and including) the first day on which the Shares may be tendered to the Public Offer (the “**Offer Opening Date**”), and
- (B) to (and including) the earlier of:
 - (i) the applicable date pursuant to (1), (2) or (3) below:
 - (1) if the Public Offer is unconditional, the date that is fifteen Business Days after the date of publication by the AMF (or its successor) of the notice of result of the Public Offer or, if the Public Offer is re-opened, the date that is fifteen Business Days after the date of publication by the AMF (or its successor) of the notice of result of the re-opened Public Offer;
 - (2) if the Public Offer is conditional, (x) if the AMF (or its successor) declares that the Public Offer is successful, the date that is fifteen Business Days after the date of publication by the AMF (or its successor) of the notice of result of the Public Offer or, if the Public Offer is re-opened, the date that is fifteen Business Days after the date of publication by the AMF (or its successor) of the notice of result of the re-opened Public Offer or (y) if the AMF (or its successor) declares that the Public Offer is unsuccessful, the date of publication by the AMF (or its successor) of the notice of result of the Public Offer; or
 - (3) if the bidder withdraws the Public Offer, the date of publication by the AMF (or its successor) of the notice of such withdrawal,
 - and
 - (ii) the last day of the Exercise Period.

For the avoidance of doubt, if any day is comprised in more than one Adjustment Period in case of a Public Offer, the Public Offer Conversion Ratio determined by reference to the Conversion Ratio in effect on such day shall be solely determined in respect of the Public Offer which Offer Opening Date has occurred first (or, where the relevant Offer Opening Dates have occurred on the same date, in respect of either of the relevant Public Offers).

15.9 Calculation of adjustments of the Conversion Ratio

The adjustments to the Conversion Ratio will be calculated by the Calculation Agent.

In the event of an adjustment, the Issuer will, promptly after the determination thereof, inform the Noteholders through a notice published in accordance with Condition 15.10 (Notices) below.

In addition, the executive board of the Issuer will report the calculations and results of all adjustments in the annual report following such adjustment.

15.10 Notices

(A) All notices to be given by the Issuer in accordance with this Condition 15.10 to any Noteholder shall be validly given if sent by registered letter with acknowledgement of receipt to the address of such Noteholder as notified by such Noteholder to the Issuer or if sent by e-mail to the e-mail address of the relevant Noteholder as provided by such Noteholder to the Issuer, provided that:

- (i) each Noteholder may notify the Issuer with at least ten (10) Business Days' notice of any change of address and/or e-mail address in respect of such Noteholder; and

 - (ii) the Issuer may notify the Noteholders in accordance with this Condition 15.10 with at least ten (10) Business Days' notice of any change of address and/or e-mail address in respect the Issuer or the Calculation Agent.
- (C) In the case of each of (A) and (B), the relevant notice shall be deemed to be given in accordance with this Condition 15.10 (regardless of when the registered letter (if any) is received by the relevant recipient) at the time (the "**Relevant Time**" in respect of such notice) the relevant receipt of the e-mail being read is given, or where no read receipt is requested by the sender, at the time of sending, provided that no delivery failure notification is received by the sender within 24 hours of sending such e-mail, provided that where such Relevant Time falls on a day which is not a Business Day or

after 4:00 p.m. (Paris time) on a Business Day such notice shall be deemed to have been given in accordance with this Condition 15.10 on the immediately following Business Day.

15.11 Aggregation, Treatment of fractional entitlements

Each Noteholder exercising its Conversion Right in relation to the Notes may receive, as the case may be, a number of Shares calculated by the Calculation Agent in accordance with Condition 15.4 (Terms of allocation pursuant to the Conversion Right) based on the aggregate number of Notes transferred to the Issuer and for which the Conversion Right has been exercised by such Noteholder.

If the number of Shares thus calculated is not a whole number, such number shall be rounded down to the nearest whole number of Shares and the relevant Noteholder will receive an amount in cash determined by the Calculation Agent and equal to the product (rounded to the nearest whole multiple of €0.01 (with €0.005 being rounded upwards)) of (i) the fraction of a Share so rounded down and (ii) the Closing Price of the Share on the Trading Day immediately preceding the Exercise Date.

15.12 Beneficial Ownership

If, at any time, the Issuer shall conduct an initial public offering or otherwise become a Reporting Company in the United States then, notwithstanding any other provision of these Terms and Conditions or any of the transaction documents, each Noteholder, together with its other Attribution Parties, shall not at any time own or acquire the beneficial ownership of more than 9.99% of the issued and outstanding Shares of the Issuer (the “**Maximum Percentage**”). For the purposes of the foregoing provision, the aggregate number of Shares beneficially owned by a Noteholder and its other Attribution Parties shall include the number of Shares held by such Noteholder and its other Attribution Parties, plus the number of Shares issuable upon the exercise of Conversion Rights in respect of any Note held by such Noteholder and its other Attribution Parties or following any Share Settlement of any principal or interest amounts payable under any Notes held by such Noteholder and its other Attribution Parties, in each case with respect to which the determination of such provision is being made, but shall exclude Shares which would be issuable upon:

- (a) conversion of the remaining, non-converted portion of any Note beneficially owned by the Noteholder or any of the other Attribution Parties, as the case may be, including any Share Settlement of any principal or interest amounts payable under any such Notes; and
- (b) exercise or conversion of the unexercised or non-converted portion of any other securities of the Issuer (including, without limitation, any convertible notes or convertible preferred stock or warrants) beneficially owned by the Noteholder or any other Attribution Party, subject to a limitation on conversion or exercise analogous to the limitation contained in this Condition 15.12.

For purposes of this Condition 15.12, beneficial ownership shall be calculated in accordance with Section 13(d) of the Securities Exchange Act of 1934 (the “**1934 Act**”). For the purposes of determining the number of outstanding Shares a Noteholder may acquire upon the conversion of any Note or following any Share Settlement of any principal or interest amounts payable under the Notes without exceeding the Maximum Percentage, such Noteholder may rely on the number of outstanding Shares as reflected in (x) the Issuer’s press release regarding its number of shares and voting rights available on its website (<https://www.crossject.com/fr/espace-finance/autres-informations-reglementees>) pursuant to articles 223-16 of the AMF’s general regulations and L.233-8 II of the French Commercial Code (*Code de commerce*) or (z) any other written notice by the Issuer setting forth the number of Shares outstanding (in either case, the “**Reported Outstanding Share Number**”).

If the Issuer receives a request for the exercise of any Conversion Right from a Noteholder at a time when the actual number of outstanding Shares is less than the Reported Outstanding Share Number, the Issuer shall notify such Noteholder in writing of the number of Shares then outstanding and, to the extent that such conversion request would otherwise cause the relevant Noteholder's beneficial ownership, as determined pursuant to this Condition 15.12, to exceed the Maximum Percentage, such Noteholder must notify the Issuer of a reduced number of Shares to be converted pursuant to such exercise of Conversion Rights.

The Issuer shall promptly on demand by any Noteholder (and in any event by no later than one (1) Business Day after demand) confirm in writing to such Noteholder the relevant number of Shares outstanding at such date. The number of outstanding Shares shall be determined after giving effect to the conversion or exercise of any securities of the Issuer, including any Note and any Share Settlement of any principal or interest amounts payable thereunder, by the relevant Noteholder and any other Attribution Party since the date as of which the Reported Outstanding Share Number was reported. In the event that the issuance or transfer and delivery of Shares to a Noteholder upon conversion of any Note or Share Settlement of any amounts payable thereunder results in that Noteholder and the other Attribution Parties being deemed to beneficially own, in the aggregate, more than the Maximum Percentage of the number of outstanding Shares (as determined under Section 13(d) of the Exchange Act), the number of Shares so issued or delivered by which that Noteholder's and the other Attribution Parties' aggregate beneficial ownership exceeds the Maximum Percentage (the "**Excess Shares**") shall be deemed null and void and shall be cancelled ab initio, and such Noteholder shall not have the power to vote or to transfer the Excess Shares.

The Shares issuable pursuant to the terms of any Note in excess of the Maximum Percentage shall not be deemed to be beneficially owned by a Noteholder for any purpose including for purposes of Section 13(d) or Rule 16a-1(a)(1) of the Exchange Act. No prior inability to convert any note shall have any effect on the applicability of the provisions of this Condition 15.12 with respect to any subsequent determination of convertibility. The provisions of this Condition shall be construed and implemented in a manner otherwise than in strict conformity with the terms of this Condition 15.12 to the extent necessary to correct this Condition 15.12 (or any portion of this Condition 15.12) which may be defective or inconsistent with the intended beneficial ownership limitation contained in this Condition 15.12 or to make changes or supplements necessary or desirable to properly give effect to such limitation.

The limitation contained in this Condition 15.12 may not be waived by any Noteholder. For the purpose of this Condition 15.12:

"**Attribution Parties**" means, collectively, the following Persons and entities: (i) any investment vehicle, including, any funds, feeder funds or managed accounts, currently, or from time to time after the Issue Date, directly or indirectly managed or advised by the Noteholder's investment manager or any of its affiliates or principals, (ii) any direct or indirect affiliates of the Noteholder or any of the foregoing, (iii) any Person acting or who could be deemed to be acting as a group together with the Noteholder or any of the foregoing and (iv) any other Persons whose beneficial ownership of the Issuer's Shares would or could be aggregated with the Noteholder's and the other Attribution Parties for purposes of Section 13(d) of the 1934 Act. For clarity, the purpose of the foregoing is to subject collectively the Noteholder and all other Attribution Parties to the Maximum Percentage; and

"**affiliate**" has the meaning given to it in Rule 501(b) of Regulation D under the Securities Act.

15.13 Disclosure

Upon delivery by the Issuer to the Noteholder (or receipt by the Issuer from the Noteholder) of any notice in accordance with these Terms and Conditions, unless the Issuer has in good faith determined that the matters relating to such notice do not constitute material, non-public information and/or Restricted Information relating to the Issuer or any of its Subsidiaries, the

Issuer shall on or prior to 9:00 am (Paris time) on the Business Day immediately following such notice delivery date, publicly disclose such material, non-public information and/or Restricted Information by any means as may be permitted by applicable law. In the event that the Issuer believes that a notice contains material, non-public information and/or Restricted Information relating to the Issuer or any of its Subsidiaries, the Issuer shall indicate to the Noteholder explicitly in writing in such notice (or immediately upon receipt of notice from the Noteholder, as applicable), and in the absence of any such written indication in such notice (or notification from the Issuer immediately upon receipt of notice from the Noteholder), the Noteholder shall be entitled to presume that information contained in the notice does not constitute material, non-public information and/or Restricted Information relating to the Issuer or any of its Subsidiaries.

For the purposes of this Condition, “**Restricted Information**” means any information that is insider information within the meaning of applicable insider dealing or market abuse law (including Regulation 596/2014/EU).

15.14 Calculation Agent, Independent Expert

In connection with the Notes, Conv-Ex Advisors Ltd. has been appointed as Calculation Agent.

The Issuer reserves the right at any time to modify or terminate the appointment of the Calculation Agent and/or appoint a substitute Calculation Agent or approve any change in the office through which such agent acts, provided that, so long as any Note is outstanding, there will at all times be a Calculation Agent.

Adjustments, calculations and determinations performed by the Calculation Agent or, where applicable, an Independent Expert, pursuant to these Terms and Conditions shall be so made upon request by the Issuer and shall be final and binding (in the absence of bad faith or manifest error and subject to any determinations by an Independent Expert) on the Issuer, the Noteholders and (in the case of adjustments, calculations and determinations performed by an Independent Expert) the Calculation Agent. The Calculation Agent may, subject to the provisions of the Calculation Agency Agreement (including with respect to costs and expenses), consult, at the expense of the Issuer, on any matter (including but not limited to, any legal matter), with any legal or other professional adviser and it shall be able to rely upon, and it shall not be liable and shall incur no liability as against the Issuer, the Representative of the Masse or the Noteholders in respect of anything done, or omitted to be done, relating to that matter in good faith in accordance with that adviser’s opinion.

The Calculation Agent is acting exclusively as an agent for and upon request from the Issuer. Neither the Calculation Agent (acting in such capacity) nor any Independent Expert appointed in connection with the Notes (acting in such capacity), shall have any relationship of agency or trust with, and shall incur no liability as against, the Noteholders, the Representative of the Masse and (in the case of adjustments, calculations and determinations performed by an Independent Expert) the Calculation Agent.

If any doubt shall arise as to whether an adjustment falls to be made to the Conversion Ratio or as to the appropriate adjustment to the Conversion Ratio or any determination required to be made by the Calculation Agent in accordance with these Terms and Conditions, and following consultation between the Issuer, the Calculation Agent and an Independent Expert, a written opinion of such Independent Expert in respect thereof shall be conclusive and binding on the Issuer, the Noteholders and the Calculation Agent, save in the case of manifest error.
